Centru Region, one of the 8 development regions of Romania, situated in its centre, partially overlapping the historic province Transylvania and composed of 6 counties: Alba, Brasov, Mures, Covasna, Harghita and Sibiu, is represented in the ID:WOOD project by the **Regional Development Agency Centru (RDA Centru)**

, a non-government, non-profit organization of public utility, operating in the field of regional development. The activity of RDA Centru focuses:

- Monitoring and implementation of European and national programs. Since 2007, RDA Centru is the Intermediate Body for the implementation of the Regional Operational Program 2007-2013 in Centru Region. ROP 2007-2013 is financed by the European Commission through the ERDF and supports actions in the following sectors: urban development, business development infrastructure, transport infrastructure, tourism, social services and education.

- Regional Planning. RDA Centru is involved in the elaboration of the Regional Development Plan as well as other regional and national planning and programming documents such as: The Regional Plan for Environment Protection, The Regional Action Plan for Waste Managements, The Regional Action Plan for Education, The Regional Action Plan for Employment, The Regional Operational Program and other sectoral operational programs. Besides planning activities, RDA Centru participates, as coordinator, beneficiary or partner in several development projects tackling different priority sectors such as: rural development, renewable energies, demographic change, support for SMEs, education, training and human resources development
